

Master's bursary opportunity in the Department of Geography and Environmental Studies at Stellenbosch University for 2019–2020

The Department of Geography and Environmental Studies at Stellenbosch University is offering a two-year bursary to a successful South African applicant to embark on full-time study towards a Master's degree in the discipline of Geography.

Context: The research focus should fall within the ambit of Human Geography.

Host: The appointee will work under the supervision of Dr Manfred Spocter, Department of Geography and Environmental Studies.

Requirement: An average Honours mark in Geography of at least 65%.

Bursary amount: R60 000 per annum for 2019 and 2020.

Closing date for application: 30 November 2018 – send a full CV with details of two contactable academic referees, a letter of application, a full academic transcript of results, and a short research proposal to Dr Manfred Spocter (mspocter@sun.ac.za).

Commencement of studies: January 2019.
